TRAVELMATE
B113-M

# Slender yet robust business companion

The Acer TravelMate B113-M features an anti-glare display for more comfortable viewing. It packs the latest Intel® Core™ processor, high-definition graphics, and rock-solid security applications that together make this notebook a dependable work companion. The 11.6" display plus light weight means it travels well for staying productive wherever you go.

An anti-glare LCD display eliminates reflected light, so it's easier on the eyes
Gigabit Ethernet delivers super-fast Internet speed
USB 3.0
The large trackpad with an advanced image sensor enhances usability

## Excellent for productivity
- 3rd generation Intel® Core™ processor
- Intel® HD Graphics 4000 / 3000
- Multi-display support
- USB 3.0 connectivity

## Shielded for protection
- Multi-level Acer ProShield Security
- Acer Recovery Management
- Acer Backup Manager
- Intel® Anti-theft technology

## Everywhere connectivity
- 802.11a/b/g/n Wi-Fi CERTIFIED network connection
- Bluetooth® 4.0+HS
- Fast Gigabit Ethernet connectivity

## Green compliance
- EPEAT Gold compliant
- ENERGY STAR® 5.0
- RoHS / WEEE compliant

Windows 8 · Intel Core i5 · Intel Core i3 · 11.6" LED · Intel HD Graphics · 2-in-1 Card Reader · n-plify · 802.11 b/g/n Wi-Fi CERTIFIED · Bluetooth · ProShield Security · MultiGesture Touchpad · Backup Manager · HDMI · 1 Year Warranty · EPEAT Gold · ENERGY STAR

Acer recommends Windows 8.

1. Specifications vary depending on model.
2. 64-bit software is required to enjoy the advantages of 64-bit processing.
3. Shared system memory may be allocated to support integrated graphics, depending on system memory size and other factors. Actual system memory available to the operating system will be reduced by the amount of dedicated and shared system memory utilized by the graphics solution and resources required by the operating environment.
4. Memory speed may vary, depending on the CPU, chipset or memory fitted.
5. A 64-bit operating system is required to enjoy the ultimate performance of 4 GB or higher memory.
6. 1 GB is 1 billion bytes. Actual formatted capacity is less and may vary depending on preloaded materials and operating environment. Acer Recovery Management utilizes up to 10 GB of the stated hard disk capacity as dedicated backup space.
7. Two VQE-enabled Acer notebooks with dual-core processors are required to enjoy the exclusive benefits and added performance of VQE.
8. Actual throughput may vary depending on network conditions and environmental factors such as network traffic or overhead, building construction, and access point settings.
9. Subject to availability.
10. Weight may vary depending on product configuration, vendor components, manufacturing variability, and selected options.
11. The listed battery life is based on MobileMark 2007® productivity mode testing with wireless on. Details of MobileMark2007® testing are available at www.bapco.com. Battery life rating is for comparison purposes only. Actual battery life varies by model, configuration, applications, power management settings, operating conditions, and utilized features. A battery's maximum capacity decreases with time and use.
12. Bundled software may vary depending on hardware configuration, OS and regional availability.
13. Trial periods vary depending on the geographic region and specifications: 365-day trial for China, Taiwan, Hong Kong and Singapore (Simplified Chinese and Traditional Chinese OS models); 60-day trial for other regions.

As a phenomenon known to thin-film transistors (TFTs), liquid crystal displays (LCDs) commonly exhibit a small number of discoloration dots, as so-called "non-conforming pixels." This phenomenon is a limitation of TFT LCD technology, not a product defect, and as such is not covered by Acer's warranty.

**About Acer**

Since its founding in 1976, Acer has broken barriers between people and technology, enabling users to explore, create and grow. Acer ranks No. 2 for notebook PCs globally (Gartner data 2011). The Acer Group employs 8,000 people across the globe, and revenues for 2011 reached US$15.7 billion.

Acer's channel business model is instrumental to the company's success, while its multi-brand approach integrates Acer, Gateway, and Packard Bell brands in worldwide markets. Acer designs environmentally friendly products and, with its vendors, has established a green supply chain.

Acer is proud to be a Worldwide Partner of the Olympic Movement. That includes supporting the Vancouver 2010 Olympic Winter Games and London 2012 Olympic Games. More information is at www.acer-group.com.
